Maintain Your Investment

Preventative scheduled maintenance is an important investment to optimize the performance, reliability, safety and resale value of your Infiniti. Scheduling your vehicle’s maintenance at the recommended intervals will ensure your vehicle is running at its best.

We want you to enjoy your Infiniti vehicle. This Service and Maintenance Guide is designed to help you make sure your vehicle receives proper and timely maintenance that is necessary. Key services are explained in detail, along with an outline of scheduled maintenance to help you maintain your vehicle. Your local Infiniti dealer can assist you in determining the best schedule based on your driving habits and local conditions.

Failure to perform scheduled maintenance may result in excluding portions of your vehicle from warranty coverage and may reduce the performance, safety, reliability and/or resale value of your vehicle. See your Warranty Information Booklet and Owner’s Manual for details.
To preserve the quality and safety of your vehicle, an authorized Infiniti dealer is recommended for maintenance or repair. Only an authorized Infiniti dealer offers you these advantages:

- Factory Trained and ASE certified technicians
- Immediate access to warranty service history and factory technical information
- Latest diagnostic, special tools and service techniques
- Genuine Infiniti Parts that meet Infiniti’s demanding standards
- 12 month/12,000 mile parts and labor limited warranty when Genuine Infiniti Parts are installed by your dealer
- Service Loan Car availability for scheduled warranty service.**
- Clear, up-front estimates
- Shuttle service/Courtesy van (at participating dealers)

We recommend relying on our trained Infiniti service specialists, who refer to their detailed knowledge of your Infiniti in every service they perform. Plus, they use Genuine Infiniti Parts, designed and engineered specifically to maintain your Infiniti’s original integrity. That’s the distinction of your authorized Infiniti dealer.

* May differ or not apply outside the United States, please inquire of your dealer.

**Available during Basic New Vehicle Limited Warranty at participating Infiniti dealers. Subject to availability. Restrictions apply.
EXTENDED SERVICE PRODUCTS

Elite Infiniti Extended Protection Plan*

Long Term Coverage

The Elite Infiniti Extended Protection Plan provides you with long term coverage to 7 years/100,000 miles. Coverage under the optional Elite Infiniti Extended Protection Plan and the Infiniti Limited Warranties begins with the delivery of the vehicle to the first retail buyer. Accordingly, your agreement may provide coverage for your vehicle for a portion of the same period as your New Vehicle Warranty. Upon expiration of the applicable Limited Warranties, the full spectrum of the Elite Infiniti Extended Protection Plan coverage is in force to the end of the time or mileage term. During the period of your Basic Warranty, the Elite Infiniti Extended Protection Plan provides you with Rental Car Coverage only.

Benefits You Can Count On

- SERVICE AT AUTHORIZED INFINITI DEALERSHIPS/REPAIR FACILITIES.
  With the Elite Infiniti Extended Protection Plan, service is completed by Infiniti trained technicians.
- UNLIMITED CLAIMS.
  No limit on the number of claims for covered repairs.
- PROVIDES FOR THE COST OF GENUINE ORIGINAL EQUIPMENT REPLACEMENT PARTS.
  Designed for use on Infiniti vehicles. No inferior substitutes.
- EMERGENCY TOLL-FREE HELP.
  If a breakdown occurs outside your area, you are covered. Just contact the nearest Infiniti dealer, or call the special toll-free number for assistance.
- SUBSTITUTE TRANSPORTATION.
  If a mechanical breakdown occurs and you require alternate transportation, Infiniti will reimburse you for actual expenses up to $50 per day, to a maximum of 5 days, and $250 per service visit.
- TRANSFERABLE TO A NEW OWNER.
  Should you sell your Infiniti before your coverage expires, you can transfer your Elite Infiniti Extended Protection Plan**, thereby enhancing resale value.
- CONVENIENT AND ECONOMICAL.
  Coverage that costs only pennies per day.
  Your Infiniti dealer will be happy to include the cost in your monthly car payment.

New Vehicle Limited Warranty

Elite Infiniti Extended Protection Plan (7 years/100,000 miles) benefits include:

- mechanical breakdown protection
- Roadside Assistance extended
- car rental coverage

* This product is not available outside the United States.

** A nominal transfer fee may apply. For details please refer to the Elite Infiniti Extended Protection Plan Service Agreement or contact your Infiniti dealer.
If you have an accident, insist on Genuine Infiniti Collision Parts. If you want your vehicle to be restored using parts made to Infiniti’s original exacting specifications – if you want it to last, help to protect your personal safety and to help hold its resale value, the solution is simple. Tell your insurance agent and your repair shop to use only Genuine Infiniti Collision Parts.

Many non-genuine parts are copies made from impressions of Infiniti parts and may not match the specifications and performance standards of Genuine Infiniti Parts. As a result, non-genuine parts may not look or fit right, and may be less safe.

The hood on your vehicle is a good example. Infiniti designed it with hood buckling creases to help prevent the hood from penetrating the interior of your vehicle in an accident. Non-genuine parts may not provide such built-in safeguards.

In some states, the law says you must be advised if non-genuine parts are used to repair your vehicle. Why should you take a chance?

**Replacement Panel Limited Lifetime Corrosion Warranty**

If you have your collision damage repaired using Genuine Infiniti Outer Sheet Metal Panels you don’t have to worry about corrosion. That’s because these panels are warranted against inside out rust-through perforation for as long as you own your Infiniti. Another reason to insist on Genuine Infiniti Collision Repair Parts.

* This warranty does not apply to vehicles not distributed by Nissan North America and/or sold outside the United States.
DETERMINING THE PROPER MAINTENANCE INTERVAL

Depending on your driving habits and local conditions, you should follow one of the three maintenance schedules listed below. Use these guidelines to determine which maintenance schedule to use:

PREMIUM MAINTENANCE* (Every 3,750 miles or 3 months, whichever comes first)

Premium Maintenance is an Infiniti-recommended option that is suitable for all driving habits and local conditions. Infiniti developed Premium Maintenance for owners who want the ultimate in preventative maintenance. With Premium Maintenance, more maintenance items are regularly checked or replaced than with either Schedule 1 or Schedule 2 maintenance schedules.

Using the Premium Maintenance schedule may optimize the performance, reliability, and resale value of your vehicle.

SCHEDULE 1 (Every 3,750 miles or 3 months, whichever comes first)

Schedule 1 features the same 3,750-mile service intervals as Premium Maintenance; however, with Schedule 1 fewer maintenance items are regularly checked or replaced than with the Premium Maintenance schedule. Use Schedule 1 if you primarily operate your vehicle under any of these conditions:

- Repeated short trips of less than 5 miles in normal temperatures or less than 10 miles in freezing temperatures
- Stop-and-go traffic in hot weather or low-speed driving for long distances
- Driving in dusty conditions or on rough, muddy, or salt-spread roads
- Towing a trailer, or using a camper or car-top carrier

SCHEDULE 2 (Every 7,500 miles or 6 months, whichever comes first)

Schedule 2 features 7,500-mile service intervals; with Schedule 2 fewer maintenance items are regularly checked or replaced than with Schedule 1.

Generally, Schedule 2 applies only to highway driving in temperate conditions. Use Schedule 2 only if you primarily operate your vehicle under conditions other than those listed in Schedule 1.

* Premium Maintenance is an Infiniti-recommended option; however, owners need not perform such maintenance in order to maintain the warranties which come with their Infiniti.

Premium Maintenance may not be available outside the United States, please inquire of your dealer.
EXPLANATION OF SCHEDULED MAINTENANCE ITEMS

The following descriptions are provided to give you a better understanding of the scheduled maintenance items that should be regularly checked or replaced. The maintenance log indicates at which mileage/time intervals each item requires service.

In addition to scheduled maintenance, your Infiniti requires that some items be checked during normal day-to-day operation. You can find these items listed under “General Maintenance” in Chapter 8 of your Owner’s manual.

Items marked with “*” are recommended by Infiniti for reliable vehicle operation. You are not required to perform such maintenance in order to maintain the emission warranty or manufacturer recall liability. Other maintenance items and intervals are required.

When applicable, additional information can be found in the “Do-it-yourself” section in Chapter 8 of your Owner’s Manual.

For recommended fuel, lubricants, fluids, grease, and refrigerant refer to Chapter 9 in your Owner’s Manual.

Emission Control System Maintenance:

Drive Belts*
Check engine drive belts for wear, fraying or cracking and for proper tension. Replace any damaged drive belts.

Engine Air Filter
Replace at specified intervals. When driving for prolonged periods in dusty conditions, check/replace the filter more frequently.

Engine Coolant*
Drain and flush the cooling system at the specified interval.

Engine Oil and Oil Filter
Replace engine oil and oil filter at the specified intervals. For recommended oil grade and viscosity refer to Chapter 9 in your Owner’s Manual.

Engine Valve Clearance*
Inspect only if valve noise increases. Adjust valve clearance if necessary.

Evaporative Emissions Control Vapor Lines*
Check vapor lines and connections for leaks or looseness. Tighten connections or replace parts as necessary.
EXPLANATION OF SCHEDULED MAINTENANCE ITEMS

Fuel Filter
Maintenance-free item (In-tank type filter).

Fuel Lines*
Check the fuel hoses, piping and connections for leaks, looseness, or deterioration. Tighten connections or replace parts as necessary.

Spark Plugs
Replace at specified intervals. Install new plugs of the same type as originally equipped.

Chassis and Body Maintenance:
Brake Lines and Cables
Visually inspect for proper installation. Check for chafing, cracks, deterioration, and signs of leaking. Replace any deteriorated or damaged parts immediately.

Brake Calipers, Pads, Rotors
Check for wear, deterioration and fluid leaks. Replace any deteriorated or damaged parts immediately.

Climate Controlled Seat Filter
Replace at specified intervals (M45/M35/FX50/FX35/G37 Convertible, if so equipped).

Exhaust System
Visually inspect the exhaust pipes, muffler and hangers for leaks, cracks, deterioration, and damage. Tighten connections or replace parts as necessary.

In-Cabin Microfilter
Replace at specified intervals. When driving for prolonged periods in dusty conditions, replace the filter more frequently.

Brake Light and Cruise Control Switches
Inspect the clearance between the brake pedal and the switches.

Steering Gear and Linkage, Axle and Suspension Parts, Drive Shaft Boots
Check for damage, looseness, and leakage of oil or grease. Under severe driving conditions, inspect more frequently.

Tire Rotation
Tires should be rotated every 7,500 miles according to the instructions in the Owner’s Manual (except G37 Sedan 2WD Sport, G37 Coupe 2WD Sport and G37 Convertible). When rotating tires, check for damage and uneven wear. Replace if necessary.

Transmission Fluid – Automatic or Manual, Differential Oil, Transfer Case Oil
Visually inspect for signs of leakage at specified intervals. If towing a trailer, using a camper or car-top carrier, or driving on rough or muddy roads, replace the transmission fluid/oil at every 30,000 miles or 24 months (except 7-speed automatic transmission).
Check the following items more frequently after driving off-road through deep sand, mud or water:

- Brake pads and rotors
- Brake lines and hoses
- Differential oil, transmission fluid, and transfer case oil
- Steering linkage
- Propeller shafts and drive shafts
- Engine air filter
- In-cabin microfilter
The following Maintenance Log has been compiled by Infiniti to assist you in performing the recommended maintenance services and keeping appropriate records of services performed. Along with the related repair invoices, receipts, and other such records, a properly documented maintenance history could enhance the value of your vehicle should you ever wish to sell it. The services listed represent the minimal factory recommended requirements for each time/mileage interval, up to 120,000 miles / 96 months.
